<b>BREVE DESCRIPCIÓN DEL TRABAJO (en inglés- máximo 4 líneas)</b>
The Laciana Work Camp is located in an area of high environmental and human value, declared by the Unesco "Biosphere Reserve". The organization has a great experience, We have done Work Camps since 1999. We combine services to the community, as the recovery of archaeological heritage, with multi-adventure activities and knowledge of the customs and culture of the local population

<b>DESCRIPCIÓN DEL CAMPO</b>
<b>ORGANIZING AND COLLABORATING ENTITY (</b> AYUNTAMIENTO DE VILLABLINO
<b>DESCRIPTION OF WORK (concreta, clara y precisa según Proyecto y no menos de 6 líneas):</b> Conditioning and archaeological excavation Castro de La Muela, settlementthe end of the Second Iron Age to Roman times altoimperial (II BC-II AD). It is situated 1km from Villablino (Laciana Valley). The tasks proposed for the Work Camp will consist primarily of the clearing and surface cleaning of the archaeological remains that brought to light the previous research in La Muela site. Next, it is planned to open two areas of excavation whose dimensions will be around 40 m <sup>2</sup> each, dividing the participants into two groups to begin the works with the supervision of a project officer and two assistant archaeologists. Volunteers will be taught the methodology of archaeological work (digging, drawing to scale, documentation in the field diary, stratigraphic sequence, collection of remains) and to recognize the

different types of findings according to their material (metal, clay, stone, glass,...). Finally, it will be proposed to use two or three afternoons to the laboratory processing of the material found: washing, stamping, cataloging, labeling,...

The works are carried out from Monday to Friday from 9 am to 2 pm, Saturday and Sunday rest |

### **COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

| The main objective of the activities is to learn about the culture of the area and to enjoy nature.

The activities are carried out on working days from 4:00 p.m. or 5:00 p.m., after dinner and on weekends throughout the day.

The activities are varied, alternating those that require more physical effort with quieter ones. So for example we have:

Visit to different places of touristic and ethnographic interest in the area.

Nature activities: hiking through Braña de Mumián, climbing in the climbing wall, caving in the Ensancha Cave, mountain biking along the Ruta Verde, canoeing in the Pantano de las Rozas, archery.

Two days of hiking and camping "El País de las Brañas".

Workshops of Laciana traditional culture: sports, cooking, baking and dances.

Other workshops: juggling, bracelets, cabochons and Latin dances.

Archeology techniques workshop

Visit to the El Cornón Honey Beekeeping Center - Meet the bees and the process of collecting and packing one of the most valued honeys: heather honey

Talks and documentaries about the bear and the capercaillie, our most emblematic animals

Group sports - Basketball and volleyball - We have spaces to play in our free time.

Pool, possibility to go every day,

Schedule type:

8.00 Get up

8:15 Breakfast

9: 00-14: 00 Work Field

2:15 Showers

14:30 Lunch

4:00 PM or 5:00 PM Additional activities

22:00 Dinner

22:30 Complementary activities |

### **ACCOMMODATION/FOOD (CELIACOS, VEGETARIANOS, OTRAS CULTURAS):**

| Housing in berths, with dining room, gym for multiple uses, showers and sport centre. Swimming pool to 200m. The food is varied, usually with three courses. They cook some of the typical foods of the country.

There may be special menus for people of other cultures, vegetarians, celiac or any type of food intolerance. If there is someone who does not like certain food, you can also give something alternative. |

**ADDITIONAL INFORMATION (importante en señalar todos aquellos aspectos que no se han definido como: año que se empezó el Proyecto, resultados, redes sociales para informarse y poder opinar y colgar fotos, si se tiene un blog donde se puede visualizar la actividad diaria sobre todo para los padres de menores voluntarios, otros):**

The Laciana Work Camp has been carried out since 1999, and there are 19 fields. Previously, the modality was the restoration of ethnographic elements. We have restored dairies, hydraulic mills,

laundries and livestock tools. You can see the results on the website [www.aytovillablino.com](http://www.aytovillablino.com). Last year we started with the fields of archeology, heritage of the time of Astures and Romans that we need to put in value.

Laciana is located in the Cantabrian mountain range has been declared a Biosphere Reserve and is included in its entirety in the Natura 2000 network of European Protected Areas. You can still watch the endangered species like: brown bear and capercaillie.

You can see the activities every day on Instagram: [#workcamplaciana](https://www.instagram.com/workcamplaciana).
